4-Week Perimenopause Reset Program

A month-long system for food, sleep, movement, stress, and reflection

Use this reset when you want one structure instead of collecting scattered tools.

Each week has a clear focus so you can keep what works and drop what does not.

This workbook supports education and personal reflection. It is not medical advice. Talk with your doctor or another qualified healthcare professional about symptoms, treatment, supplements, or medication.

Week 1: Notice

- Track your top symptoms
- Note sleep, energy, food, and stress patterns
- Stop adding five new fixes at once

Week 2: Stabilize

- Create a morning anchor
- Plan steadier meals
- Protect a basic bedtime rhythm
- Choose one movement habit

Week 3: Review

- Spot triggers
- List supports that help even a little
- Prepare provider questions if needed

Week 4: Keep

- Choose three habits worth keeping
- Build a rough-day plan
- Write your carry-forward system for the next month
