Digital wellness support for midlife women

Digital Planner for Perimenopausal ADHD Women

A planning system for fluctuating focus, low capacity, and real-life overload

This planner works with a brain that has changing focus, changing energy, and too many tabs open.

It helps you organize your life without pretending your capacity stays the same every day.

This workbook supports education and personal reflection. It is not medical advice. Talk with your doctor or another qualified healthcare professional about symptoms, treatment, supplements, or medication.

Planner sections

- Daily top-three focus pages
- Brain-dump and task triage sheets
